

EATAW 2011

**The Role of the Student Experience in
 Shaping Academic Writing Development in
 Higher Education**

Wednesday 29th June – Friday 1st July 2011
 The University of Limerick, Limerick, Ireland
 Hosted by the Regional Writing Centre in conjunction with the
 Centre for Teaching and Learning, UL

The 2011 EATAW conference invites all those interested in academic writing development in higher education to contribute to the discussion on enhancing the quality of the student experience through writing. Enhancing the student experience is central to the vision and mission of most higher-education institutions in Europe and beyond. How both undergraduate and postgraduate students experience academic writing has a major impact on the students' participation in academic and disciplinary environments and on the development of their identity. Writing programmes and initiatives that actively engage students in the practices of their academic communities can enhance the quality of the student learning experience.
