Empowering Through Employability

USING YOUR UL DEGREE

YOUR DEGREE IN CONSTRUCTION MANAGEMENT AND ENGINEERING ...WHAT NEXT??

Careers open to you with a degree in Construction Management and Engineering

- [Construction and Civil Engineering](#)
- [Construction Management](#)
- [Property Development](#)

The construction manager plays a pivotal role in the orchestration of a construction project. The University of

Limerick programme equips graduates with broad based skills in construction techniques, planning & control and management. These skills are allied with the fundamentals of structural, geotechnical and building services engineering and an eight month coop experience. The diversity of the programme prepares construction managers to lead projects of immense complexity in an exciting and rewarding profession.

Other Career areas you might want to investigate*

- [Fire and Safety, Research, Patents, Technical Sales and Marketing, Technical Writing, non Technical Areas](#)

*Postgraduate study and relevant work experience will almost certainly be required to specialise in many of these areas. Having an honours degree in any area can be a stepping stone towards a huge variety of careers. Contact us at www.ul.ie/careers if you want to find out more about these and other career areas

Going on to Further Study

Graduates may elect to pursue further studies by undertaking master or doctoral degrees at the University of Limerick. The recent establishment of BRE (Ireland) (Building Research Establishment) in Limerick provides graduates of this programme with unparalleled opportunities to pursue construction research particularly in the area of sustainable construction. <http://www.breireland.ie/>

- [Faculty of Science and Engineering, UL](#)
